Letter to T. H. Pritchard.

Scotland Neck, N. C.

Dear Sir: The cheap paint to buy is the one that covers more than you think; the cheap one to wear is the one that is young when old.

Mrs. Moore, of Kelsey, N. Y., bought 16 gallons Devoe to paint her house two coats; her painters said it would take that. Had 6 gallons left.

Mr. James Ackley's house, in Cairo (Catskill Mountains), N. Y., was painted Devoe; it wore 14 years; and the paint was in good condition then. He was going to paint, the last we knew though. That's the way to preserve a house; repaint when there's no occasion.

Yours truly

F. W. DEVOE & Co.

Arm Dislocated.

Sunday while a number of children were going from Sunday-school at the Baptist church, somewhere about Mr. J. D. Ray's store little Susie Bracy was tripped by another child, fell and dislocated her arm at the elbow. When her father, who went from the church later, examined her arm he found it badly hurt. A physician was called and the little sufferer's arm was put in place.

If it is a bilious attack take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by all druggists.

"Followed by Fate."

This splendid play was charmingly rendered by home talent in the opera house Thursday night, March 2nd. The house was well filled and high praise was given to all who anticipated. It would be invidious to mention one without saying the same for all.

All who have spoken of the occasion have highly complimented the play.

The proceeds, which were for the benefit of the Episcopal church, amounted to \$80.

PAPPOSE POPCORN

A New Seed. Discovery for FORAGE, POULTRY, POPPING

A subscriber to the Southern Agriculturist secured the original seed from an old Indian in Northwest Texas. After experimenting with it seven years he wrote that paper: "With good ground and care it will make from 50 to 100 bushels to the acre, and planted thick and cut stalk and all it will make more feed and better feed than anything I ever saw." The old Indian said poultry fed on it would never have the cholera. I have not lost a fowl with cholera since I have been raising it. It also pops beautifully." This article brought hundreds of requests for seed, and now only a few bushels are left. Send 10c for a 3 months' trial subscription to the Southern Agriculturist, 29 C. P. Bldg., Nashville, Tenn., and you will get 100 seed by return mail, also details of \$50 prize seed-growing contest.

Try for Health

222 South Peoria St., CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie on my back nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Wine of Cardui

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist to-day?
